

Work Domain Analysis (1 Day)

1. Introduction (0.50 hour)

- Introducing the seminar & your instructor (30 mins)

2. Cognitive Work Analysis (0.50 hour)

- The role of Work Domain Analysis within Cognitive Work Analysis (30 mins)

3. Introduction to Work Domain Analysis (1.00 hour)

- Work Domain Analysis (45 mins)
- Start on an abstraction-decomposition space for target domain (group exercise, 15 mins)

Break (15 mins)

4. Work Domain Analysis for Wild-Fire Management (0.75 hour)

- Work Domain Analysis for Forest Fires (instructor led exercise, 15 mins)
- Continue with abstraction-decomposition space for target domain (group exercise, 30 mins)

5. Work Domain Issues (1.00 hour)

- Work Domain Analysis conceptual issues, 30 mins)
- Continue with abstraction-decomposition space for target domain (group exercise, 15 mins)

Lunch (45 mins)

6. Work Domain Analysis for Counter Insurgency (1.00 hour)

- Work Domain Analysis, Joker One (30 mins)
- Continue with abstraction-decomposition space for target domain (group exercise, 30 mins)

7. Spot the cognition (Optional Exercise) (1.00 hours)

- Movie; Houston, we have a problem! (60 mins)

Break (15 mins)

7. Abstraction-Decomposition Space (0.50 hours)

- Build an abstraction-decomposition space for domain of choice (group exercise, 30 mins)

9. Wrap Up (0.50 hours)

- Summary Review of Seminar (15 mins)
- Seminar Evaluation (15 mins)
